

Jakarta's Urban Villages:

A Community Based Approach to Urban Mobility

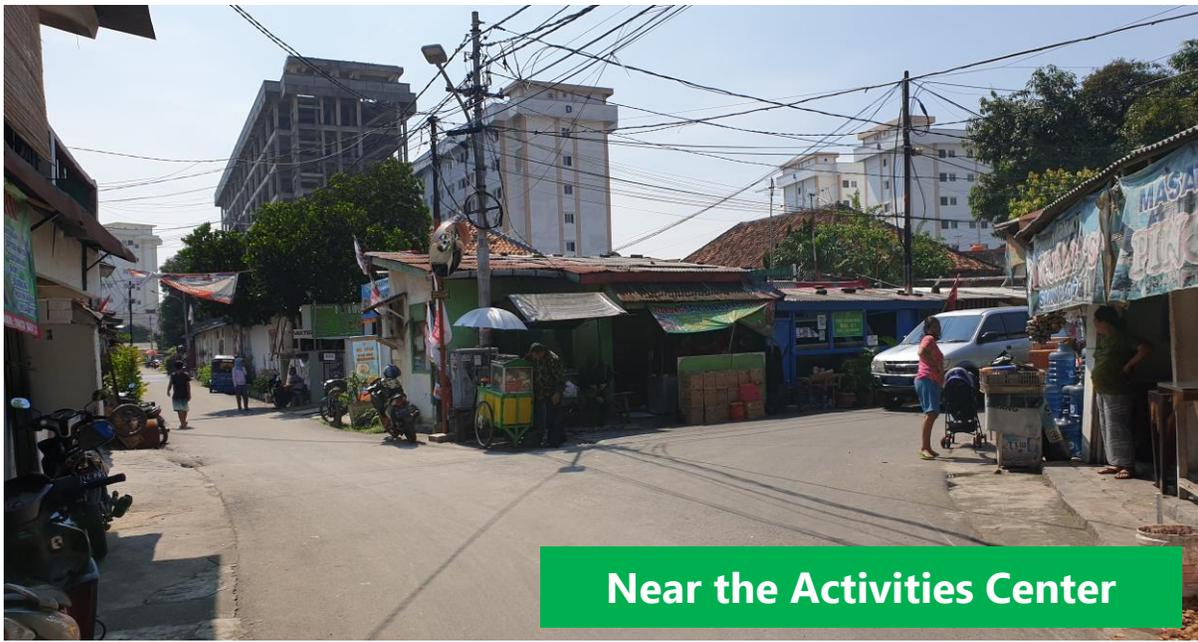

Outlines

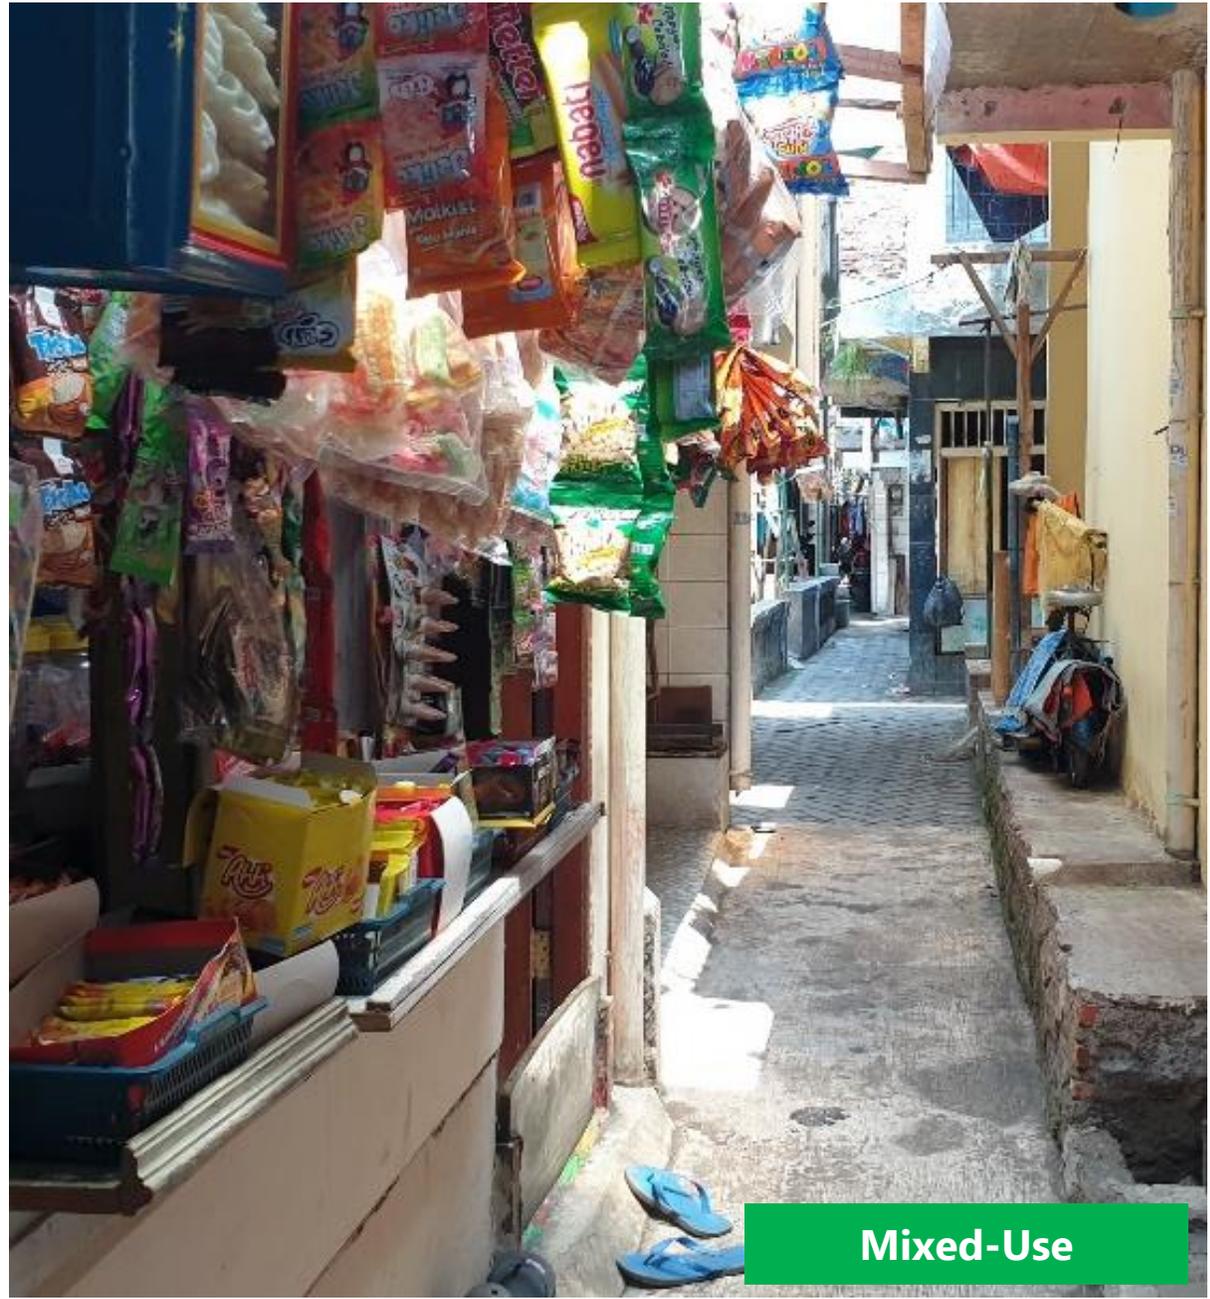

- **Kampung Kota?**
- **“Kampung Kota Bersama”**
- **Methods & Replication Progress**
- **Potential Collaborations**

Compact & Dense

Near the Activities Center

Mixed-Use

Walking & Cycling are being main options to mobile

But, this is what kampung is always associated with

Kampung Kota Bersama

The Goals | Pilot Project

The Goals

1

Creating pedestrian & bike – friendly neighborhood

2

Increasing the sense of belonging for every improvements made

3

Doing capacity building & transfer knowledge to the people

4

Established the collaborative environment

5

Emphasized the direct role of women & children within the process

Pilot Project

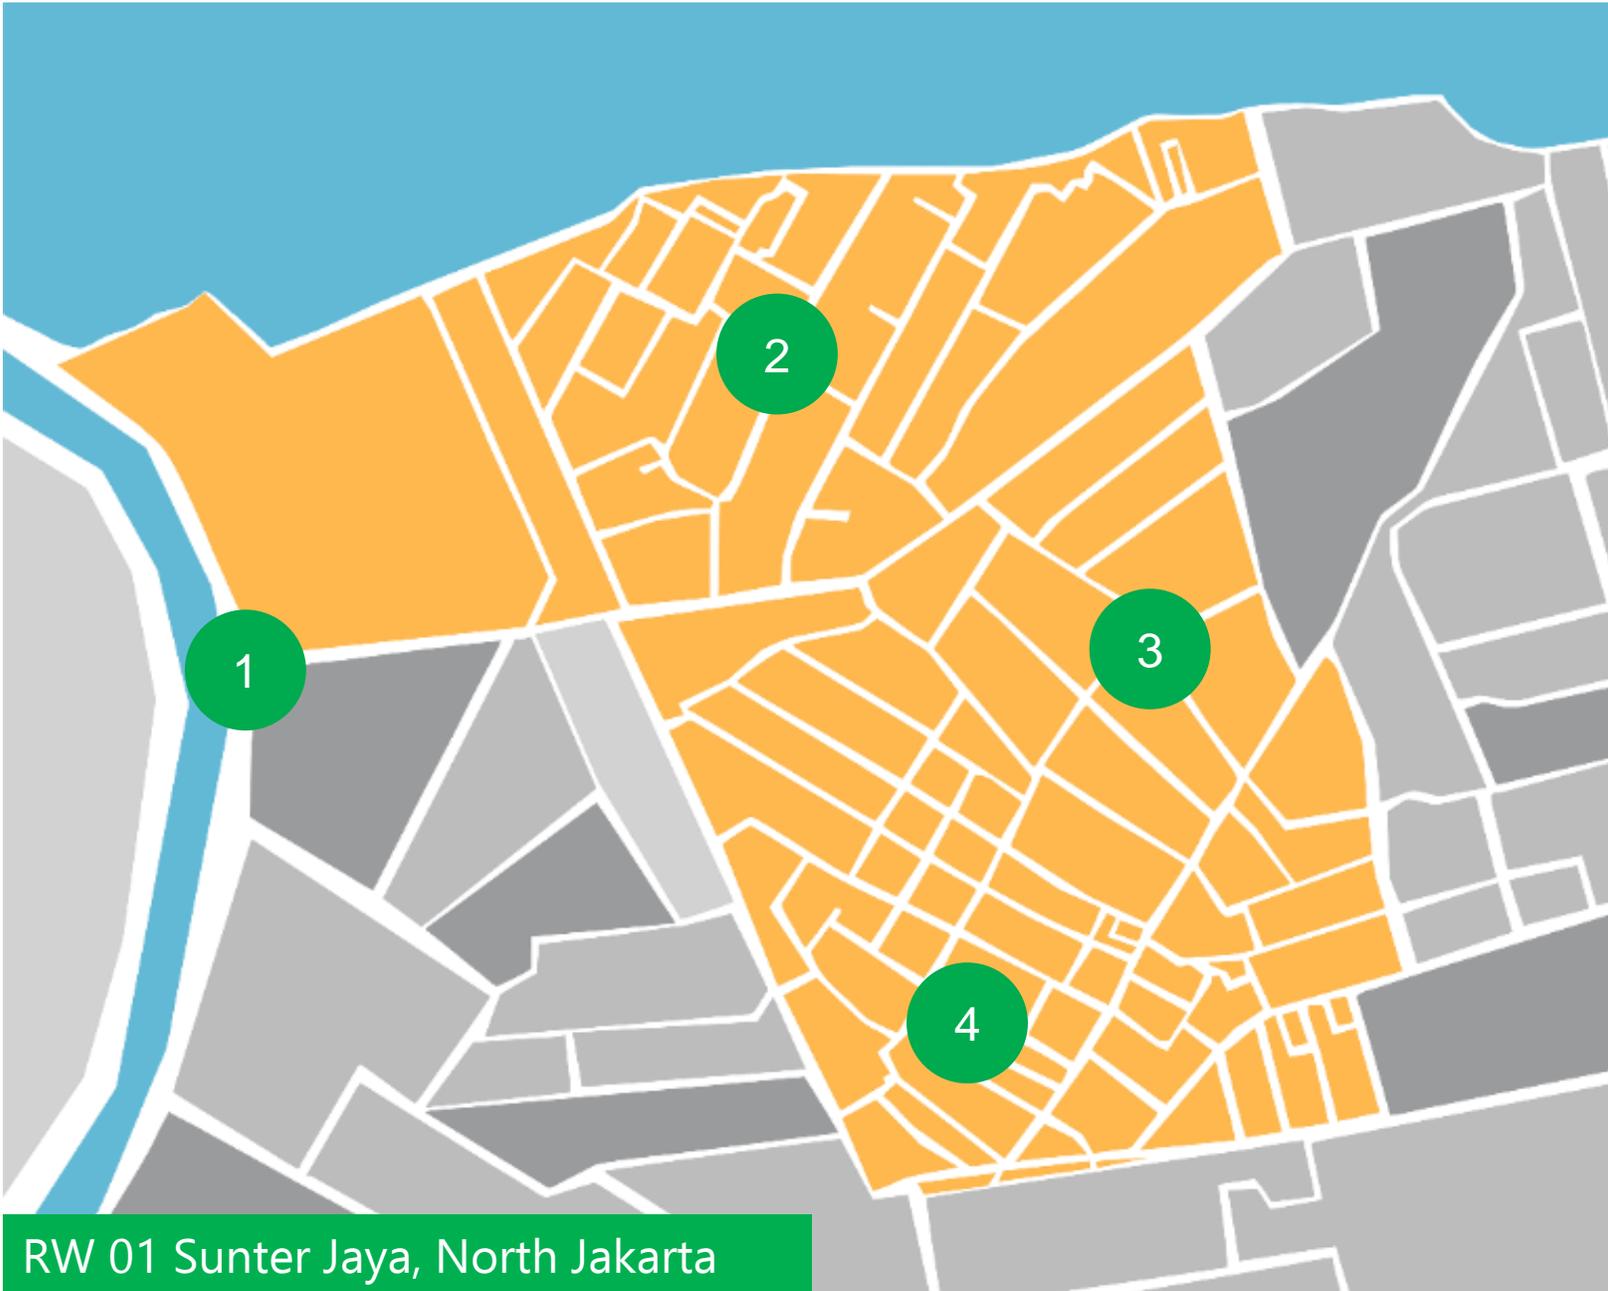

1. Lack of reliable public transit
2. Lack of safe intersections
3. Lack of public spaces
4. Parking everywhere

15.6 Ha

24 subdistricts

3,000 households

13,000 inhabitants

RW 01 Sunter Jaya, North Jakarta

1. Planning

Started in March 2018, the planning process was put the importance of women and children role within the process

2. Implementation

It was initiated with the process of making list of sources with the locals and finally do the field works

3. Festival Kampung

Local event to celebrate and appreciate the improvements made by the locals. Time to find collaborators

Child-friendly alley

Minimum 10 households/RT

Potential Collaborations

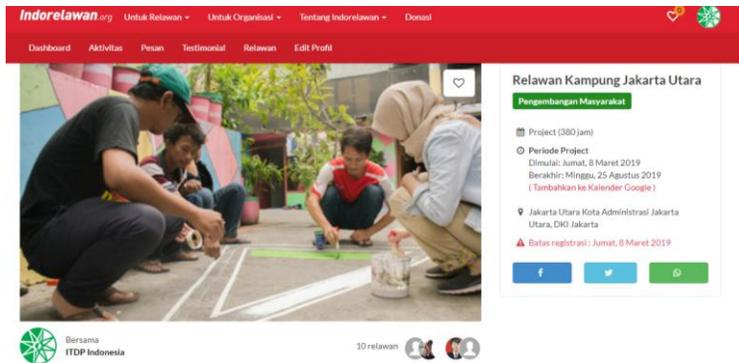

Being volunteers | Adopt the streets | Scaling up the projects

Potential Collaborations

Being Volunteers

“Relawan Kampung”

Let's be locals!

The volunteers will be deployed into several teams, several locations. You will act as technical assistant for the locals. You will have chance to visit kampung once or twice per week.

Registration via:
www.indorelawan.org
deliani.siregar@itdp.org

Adopt the Streets

“Adopsi Gang”

Let's make it happens!

Being a donor can be fun. You can donate and join the process of the making of sustainable and thematic alleys and/or streets. Put the names full of respect in many creative ways.

Further info:
deliani.siregar@itdp.org

Scaling Up the Projects

“Kemitraan Perluasan Program”

Let's collaborate & make friends!

We open to collaborate with anyone. If we haven't set the type of collaborations, let's discuss further more about the activities that we can do together.
