

PRINCIPLES FOR COMPLETE NEIGHBORHOODS FOR BABIES, TODDLERS AND CAREGIVERS

WALK

Walking around and to essential destinations is safe, comfortable, and stimulating.

CYCLE

Efficient and quick cycling travel for families is protected, safe, and convenient.

CONNECT

Walking and cycling routes are short, convenient, and connected, with priority for caregivers and children.

TRANSIT

Reliable, safe, frequent, and affordable public transport meeting caregivers' travel needs is easily accessed by walking.

MIX

Essential services and housing opportunities are available locally to families of all sizes and incomes

DENSIFY

Enough people live nearby to sustain local services and local employment options that caregivers may need

COMPACT

Travel outside the neighborhood takes less time and fewer resources to reach key destinations for time-constrained caregivers

SHIFT

Space for motor vehicles is reduced to promote play, interaction, and health
